🚀 2. Hero Section

Headline:
"Your Data, Your Rules – AI That Stays Private"

Tagline:
Privacy-Compliant, On-Premise Conversational AI

Subtext:
Empower your website with a secure, AI-powered chatbot that responds using your documents – all while keeping your data safe, private, and fully in your control.

CTA Buttons:

- Get Started

- Schedule a Demo

💡 3. Our Product

✨ Query Safe – Your Own Custom AI Chatbot

Choose the version that suits your needs:

◆ 1. Subscription-Based Chatbot

- Easy setup with our cloud-hosted solution.

- Upload PDFs and information.

- Instantly generate a personalized AI chatbot.

- Get a code snippet to embed on your website.

- We handle everything – you just monitor performance.

Ideal For: Startups, SMEs, personal websites.

🔒 2. Personal Private Chatbot (On-Premise)

- Hosted entirely on your infrastructure.

- Secure internal chat with role-based access.

- Customized setup based on your requirements.

- Built for compliance in finance, healthcare, legal, and research.

Ideal For: Enterprises, security-conscious organizations.

⚙️ 4. How It Works

◆ For Subscription Users:

1. Register on Query Safe

2. Create your chatbot

3. Fill in basic details & upload PDFs

4. Wait for content indexing

5. Copy and embed chatbot code on your site

6. Visitors interact, you monitor performance

🔒 For Personal Private Chatbot:

1. Contact Us

2. Our expert connects with you

3. We build your solution based on your needs

4. Deploy on your server

5. Start monitoring performance

📬 5. Contact Us

We'd love to hear from you or schedule a demo!
